

Appendix 10

Proposed Sample Granger/Thye Offset Project List Burgess Visitor Center Facility 2015

One Year Projects

1. Implement deferred maintenance on the three existing campsites. Improvements include reconstruction of camping pad and spurs and purchase of new site furniture such as fire rings, tables, and grills.
2. Replace/Remove/Repair slumping and cracking sidewalk
3. Replacement of signage including entrance sign
4. Landscaping work with major fill around foundation of VC
5. Gutter and downspout replacement

Multi-Year Projects (Collection Agreement)

1. **Chip Seal Parking Lot. (Highest Forest Priority)**
2. Interior painting of Burgess VC
3. Re-carpeting of Burgess VC
4. Construct fourth full-hook-up camping site in camping loop area.

**** While these potential projects have been identified, the permit holder will consult with the Forest on potential projects. The Forest will make the final determination of which G-T projects will be implemented.**
